RE: RESIDENTIAL MAIL BOXES AND MAIL DELIVERY DURING CONSTRUCTION

Dear Clays Mill neighbors,

Within the next week to 10 days in preparation for construction of the Clays Mill widening project, your personal mailbox will be carefully removed and placed on your property.

Prior to removing your mailbox, the USPS (United States Postal Service) will be erecting a community mail box station on Merrimac Drive near the intersection with Clays Mill in front of the United Pentecostal Church at 3416 Clays Mill Road. The USPS will be providing you an envelope with (3) keys to your individual mailbox at the community mailbox location. It will be necessary for you to retrieve your mail here for the next 8 or 9 months while work on the project is taking place.

Please call Terry Justice with the LFUCG at 859-258-3410 if you have any questions or concerns.

Sincerely,

Woodall Construction Co. Inc.

Sincerely,

Woodall Construction Company, Inc.
